To Whom It May Concern,

I am very pleased to recommend Maryam Mohammed for the Scholarship. Maryam is a highly motivated and passionate student with a strong interest in technology. She has consistently achieved high grades throughout her studies, showing dedication and commitment to learning.

Maryam is always eager to help her classmates and support them in projects. For example, during an HTML project, some of her classmates forgot certain codes needed to complete a mini login page. Maryam patiently guided them, explained the codes, and helped organize the project, showing her teamwork, leadership, and problem-solving skills. Her teachers recognize her for her excellent character and dedication to her studies.

She has a genuine curiosity and determination to learn, and she is eager to take every opportunity to improve her skills and knowledge. Maryam has a true passion for technology and a strong desire to continue her education. I am confident that she has the persistence, curiosity, and ability required to excel in a new academic environment. She will be an outstanding student and a future leader, and I fully support her application for this scholarship.

Sincerely.

Kholoud Almalki
