To Whom It May Concern,

It is my great pleasure to write this recommendation for Maryam Mohammed for the Global Korea Scholarship. I have known Maryam for three years, from 2021 to 2024, when she was a student in Digital Technology. During this time, she has proven to be a highly motivated and diligent student with a strong passion for technology. She has consistently achieved high grades in her studies, demonstrating her commitment and dedication to learning.

Maryam is always cooperative and eager to help her classmates with projects. For example, during an HTML project, some of her classmates forgot certain codes required to create a mini login page. Maryam patiently assisted them, explained the codes, and helped organize the project, showing her teamwork, leadership, and problem-solving skills. Her teachers recognize her for her excellent character and dedication to her studies.

Maryam possesses genuine curiosity and strong determination to learn, and she always seeks every opportunity to improve her skills and knowledge. Her perseverance and enthusiasm consistently lead to outstanding results.

Maryam has a true passion for technology and a strong desire to continue her education. I am confident that she has the curiosity, persistence, and ability required to excel in a new academic environment. She will be an exceptional student and a future leader, and I strongly recommend her for this scholarship.

Sincerely,

Kholoud Almalki  
Digital Technology teacher
